Friday 5th May 2023

Dear Parent/Carer,

I have just led three assemblies on King Charles the Third's Coronation which takes place tomorrow, Saturday 6th May 2023 and I can report that the students were taking a healthy interest in this major historical event, the first coronation in 70 years. Nightingale, Wiltshire and Rashford classes presented to their peers with confidence and they all showed great research and communication skills as they reeled off facts about the coronation and the Royal family. I am so proud of how students conduct themselves at assemblies, listening attentively and respecting the presenters. Each class takes immense pride in their presentations and the sense of ownership and responsibility shown is inspirational.

On a personal note, I was honoured and privileged to attend King Charles's first Royal Garden Party at Buckingham Palace on May 3rd. I took my mother as my guest and she loved every minute. I saw this as not individual glory, but rather as recognition of the brilliant work going on at Cambridge School. I was proud to represent the whole school community. I can report that the day was glorious and the refreshments delicious! However, I believe that our own in-house catering team will put Buckingham Palace to shame with the Coronation Lunch that the school will be eating together today. The Hall is festooned in flags and we have our own Cambridge Coronation banner to get everyone in celebratory mood.

I hope that you all enjoy the Bank Holiday weekend. Learners return to school on Tuesday 9th May.

Yours sincerely,

Alan Campbell,
Head Teacher
